GENERAL ORDINANCE NO. 29-20

**AN ORDINANCE
CREATING SECTION 8.17,
GREEN BAY MUNICIPAL CODE,
RELATING TO REQUIRED FACE COVERINGS**

WHEREAS, Sections 323.11 and 323.14(4) of the Wisconsin Statutes authorize the governing body of any city to declare an emergency existing within the city for as long as the emergency conditions exist or are likely to exist, and to order, by ordinance or resolution, whatever is necessary and expedient for the health, safety, protection, and welfare of persons and property within the city in the emergency; and

WHEREAS, on March 17, 2020, the Common Council adopted the Proclamation Declaring a State of Emergency related to the COVID-19 pandemic; and

WHEREAS, the state of emergency continues in the City of Green Bay as a result of the continued spread of the COVID-19 virus; and

WHEREAS, many individuals with COVID-19 may be asymptomatic or may experience a delayed onset of symptoms, during which time such individuals may transfer the virus to others; and

WHEREAS, wearing a cloth face covering over both the nose and mouth greatly reduces the risk of continued community spread of COVID-19; and

WHEREAS, as of June 28, 2020, the Centers for Disease Control and Prevention's (CDC) information on the use of cloth face coverings to prevent the spread of COVID-19 includes the following:

1. The CDC recommends that all people 2 years of age and older wear a cloth face covering in public settings and when around people who do not live in their household, especially when other social distancing measures are difficult to maintain.
2. Studies have shown that wearing a cloth face covering can prevent the spread of COVID-19.
3. Cloth face coverings are most likely to reduce the spread of COVID-19 when they are widely used by most people in public settings.
4. Cloth face coverings should not be worn by children under the age of 2 years old or by anyone who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove their own face covering without assistance.

WHEREAS, the leaders of the healthcare organizations in the City of Green Bay, including Aurora BayCare Medical Center, BayCare Clinic, Bellin Health, HSHS St. Vincent St. Mary's, and Prevea Health, expressed their support for an ordinance requiring face coverings in a letter to Mayor Genrich and the Common Council dated July 13, 2020; and

WHEREAS, the City of Green Bay has an interest in protecting the public health, safety, and welfare of the citizens of Green Bay from the continued spread of COVID-19 throughout the community; and

WHEREAS, an ordinance requiring face coverings to be worn by any person in a public place within the city of Green Bay directly serves that interest by avoiding and/or reducing the further spread of COVID-19 and minimizing the strain on health care resources, while enabling the continuation of essential services, businesses, and social and commercial life during the state of emergency; and

WHEREAS, the City of Green Bay intends to gain voluntary compliance from all individuals with the recommendations from the CDC and local healthcare providers concerning the wearing of face coverings, but recognizes that penalties are necessary to ensure such compliance; now, therefore
